Upcoming

Envirothon, CWMA Spring Training. Will work remotely May 23, 24, and 25. Will be out of the country July 9–22. The board meeting can be rescheduled or skipped for July.

Weed Season and Contracts

The weed season will get going in June. We have contracts with both Teller and Park. I am working on getting on the BOCC schedule with Teller. My goal is to get things in place with Teller and then take that model to Park.

We have had new people reach out as well as returning landowners for weed spraying. I have started selling grass seed with the cost share and have already placed the second order this season.
